WHAT YOU AND YOUR FAMILY SHOULD DO IN CASE OF FIRE.

1. Don't Panic – escape may depend on clear thinking.
2. Get out of the house following the planned escape routes, if possible. Do not stop to collect valuables or dress.
3. Open doors carefully only after feeling them to see if they are hot. If they are, do not open—follow an alternate escape route.
4. Keep close to the floor—smoke and hot gases rise. Breathe through a cloth (wet, if possible) and take short, shallow breaths.
5. Keep doors and windows closed unless it is necessary to open them for escape.
6. Meet at your pre-established meeting place after leaving your house.
7. Call your fire department as soon as possible from outside the building. Give your address and name.
8. Never re-enter a burning building.
